

1MWh Off-Grid Solar Energy Storage Unit for Construction Sites

Overview

This unit combines a 1MWh lithium battery system with a 480kW high-speed charging output, making it perfect for: Towable Design + Lifting Points: Move it with a truck or crane it onto site. Multiple EVs Charging Simultaneously: Serve up to 4 vehicles at once. PKENERGY 1MWh Battery Energy Solar System is a highly integrated, large-scale all-in-one container energy storage system. Housed within a 20ft container, it includes key components such as energy storage batteries, BMS, PCS, cooling systems, and fire protection systems. For critical operations in remote or extreme locations, MOBICARE Remote Monitoring & Technical Support ensures maximum uptime and lower operating costs. Higher yields, reduce electricity costs by 90% per year. Participate in peak load shifting to gain additional economic benefits. Quality assurance Fast delivery! Solar Storage System 1MWH/2. 5MWH/5 MWH for Industrial and commercial.

1MWh Off-Grid Solar Energy Storage Unit for Construction Sites

Commercial & Industrial ESS Solutions

It offers energy ranging from 50kWh to 1MWh and covers most of the commercial and industrial application scenarios, such as load shifting, renewable clipping, and back-up power, etc. We can ...
