

# 30a solar energy storage cabinet lithium battery connected to inverter

## Overview

---

With a capacity of 60KWH and a power output of 30KW, it supports peak shaving, load shifting, and renewable energy integration. Its all-in-one design simplifies installation and operation, while advanced energy management ensures high efficiency and reliability. HAIKAI LiHub All-in-One Industrial ESS (Energy Storage System) is a powerful and compact lithium battery solution designed for reliable energy management. Each LiHub cabinet integrates inverter modules, high-capacity lithium battery modules, a cloud-based EMS (Energy Management System), fire. This advanced lithium iron phosphate (LiFePO<sub>4</sub>) battery pack offers a robust solution for various energy storage applications.
