40 MW of solar power in Tajikistan

Air Conditioner

Overview

The country has set an ambitious goal to add 3,000 megawatts (MW) of solar and wind power, a move that will not only dramatically boost its renewable energy production but also underpin its long-term economic growth. Deputy Minister of Energy and Water Resources of Tajikistan Manuchehr Safarzoda and representatives of the UAE's Masdar Company debated the development of the project on construction of a 400-megawatt solar power plant in Tajikistan, Qazinform News Agency learnt from Khovar. According to the. Tajikistan is embarking on a transformative energy initiative, planning to significantly increase its electricity capacity by 2030. On January 13, an investment agreement was signed between the Government of Tajikistan and Ayon Energy LLC for the construction and commissioning of two photovoltaic power plants: a. Chinese company Dayu New Energy Limited plans to develop solar and wind power plants in the Kubodiyon and Jaihun districts of Tajikistan's Khatlon region. With over 280 sunny days annually and average solar radiation of 5. 2 kWh/m²/day, Tajikistan.
