

5G base station cleanup and power supply price increase

Overview

This paper proposes a distribution network fault emergency power supply recovery strategy based on 5G base station energy storage. This strategy introduces Theil's entropy and modified Gini coef.

5G base station cleanup and power supply price increase

What is 5G Wireless Technology and How it Works

Utilizing 5G New Radio (NR), massive MIMO and edge computing, it delivers ultra-fast speeds, low latency and massive connectivity, operating in standalone (SA) or non ...
