## Electricity Storage Facilities in Austria

Energy law and regulation - What precisely is an "electricity storage facility" under Austrian law? Site acquisition Access to the grid Permits for establishing storage infrastructure Planning law Permits for the operation of storage businesses Electricity storage and network charges Renewables charges Electricity tax #2 Europe, UK, Switzerland, Benelux In Austria, there are eight different network charges, two renewable energy charges and an electricity tax. There are network charges payable either for taking electricity from the grid, for feeding it in, or for both. You should take a closer look or get expert advice on this. The charges are fixed by the regulator E-Control based on actual costs See more on [cms.law](https://www.cms.law)
