

Barbados Voltage Energy Storage Power Station

Overview

The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. These will support the national grid for additional renewable energy. Barbados has launched the second phase of its Battery Energy Storage System (BESS) procurement process, a critical step in tackling ongoing grid congestion that has stalled the growth of the renewable energy sector. In. A \$350 million hybrid renewable energy power plant is scheduled to be constructed in Barbados. This ambitious project, spearheaded by the Barbados Electric Light & Power Company (BLPC), is a pivotal step in the island's transition to.
