

Barbados energy storage policy updates

Overview

Barbados is moving forward with its national energy policy and resiliency plan, with an RFP for up to 60 MW of battery energy storage systems (BESS) set to be issued by the end of the month, according to Energy Minister Lisa Cummins. Barbados has launched the second phase of its Battery Energy Storage System (BESS) procurement process, a critical step in tackling ongoing grid congestion that has stalled the growth of the renewable energy sector. The projects will be built, owned, and operated by private. The Barbados National Energy Company Ltd. Minister of Energy and Business, Senator Lisa Cummins, made the disclosure as she spoke about the current electricity grid. On , Barbados" utility regulator, the Fair Trading Commission.
