

# Blade battery energy storage box manufacturer

## Overview

---

The BYD Blade battery box is a containerized energy storage solution that uses BYD's proprietary prismatic lithium iron phosphate (LiFePO<sub>4</sub>) cells, known commercially as "Blade Batteries. The HVB impresses with its maximum energy density, modular flexibility, and a particularly robust safety concept —. BYD has launched its new Gen4 home battery known as HVB, and is expected to be a popular addition to the residential storage space. While the modular LV and HV solutions fit any residential application Backup and Off-Grid Off-grid applications and emergency power capability pose no problem for the Battery-Box. (Photo Credit: BYD) BYD, a leading global supplier of rechargeable batteries, unveiled its latest Battery-Box HVB, featuring a blade battery format.
