

# Brand new pack lithium battery factory BESS

**PV / DG  
Application**

**APP Intelligent  
Control**

**Multi-Unit Parallel  
Expansion**

**98.8% Max.  
Efficiency**

## Overview

---

Green State Technology Bess Factory operates high-performance automated and semi-automated production lines dedicated to the assembly of lithium modules, packs, clusters, and energy storage systems (ESS), with a maximum annual capacity of 30 GWh. The total of manufactured lithium battery capacity is near 30GWh per year ! The energy storage system provides storage and output management for the power generation side, and the electrochemical energy storage technology and renewable energy power generation technology form a joint system. CATL. LFP cells: High quality and long cycle life LFP battery cells; BMS: High-efficiency bidirectional equalization technology eliminates series connection losses; PCS: IP65 PCS, highly efficient IGBT, as high as 99.3%; Distribution system: Integrate AC/DC power distribution and AC output. China's EVE Energy has announced the official launch of the first phase of its 60 GWh battery energy. energy management system, monitoring system, temperature control system, fire protection system, and intelligent monitoring software. independently manufacture complete energy storage systems. These assembly lines consist of various stages, including cell handling, stacking, welding. FPR is at the forefront of innovation in Battery Energy Storage Systems (BESS) for sale, providing cutting-edge solutions. Our unique BESS design expertise sets us apart, showcasing our commitment to delivering customized solutions that prioritize safety and sustainability. Our exceptional research.

## Brand new pack lithium battery factory BESS

### BESS (Battery Energy Storage System) Company

China's leading BESS company, dedicated to developing the best battery energy storage system and improve the efficiency of renewable energy storage.

### BESS for Sale, BESS Battery Energy Storage System Wholesale , FPR

## New

This battery storage energy system BESS for sale helps balance supply and demand, integrates renewable energy sources, provides backup power, and supports various applications in industries, ...

[Get Price](#)

## BESS (Battery Energy Storage Systems)

Our expertise spans the full lifecycle of lithium-ion batteries--from raw material processing and automated assembly to end-of-life recycling and reuse of critical materials like lithium, cobalt, ...

[Get Price](#)

## Custom BESS, China Lithium Battery factory, manufacturer

Our Battery Energy Storage System (BESS) products offer reliable, scalable, and high-efficiency energy storage solutions for commercial and industrial applications. All BESS units feature advanced lithium ...
