

Bulk Procurement of Corrosion-Resistant Power Distribution and Energy Storage Cabinets

Overview

Custom manufacturer of electrical cabinets made from aluminum, cast iron, fiberglass, steel, polycarbonate, and stainless steel materials. Cabinets are resistant to oil, grease, rust, water, steam. Con Edison and Orange & Rockland are seeking bids for scheduling and dispatch rights for distribution and transmission connected energy storage systems that will achieve commercial operation by end of 2030. Please review all requirements and provisions of the Request for Proposal and appendices. The New York State Electric & Gas Corporation (“NYSEG”) and Rochester Gas and Electric Corporation (“RG&E”) are jointly issuing this Request for Proposals (herein referred to as the “RFP”) to solicit Offers (“Offers”) from developers (“idders”, each a “idder”) for the offering described herein. chapter offers procurement information for projects that include an energy storage component. The material provides guidance for different ownership models including lease, Power Purchase Agreement (PPA), or Owner Build and Operated (OBO). It also includes contracting strategies for OBO projects. Under the New York State Public Service Commission's Energy Storage Order, the six investor-owned utilities (IOU) in New York must issue an initial request for proposals (RFP) in 2019, and subsequent RFPs annually as necessary, to competitively procure bulk energy storage dispatch rights for up to. The Federal Energy Management Program's (FEMP) Distributed Energy and Energy Procurement initiative helps federal agencies accomplish their missions through investment in lasting and reliable energy-generation projects and purchases. Power distribution and weather proof cabinets are also provided.
