

Canadian Solar Panel 595

**FLEXIBLE SETTING OF
MULTIPLE WORKING MODES**

Overview

The TOPHiKu6 CS6W-595T is a photovoltaic module manufactured by Canadian Solar. It features N-type TopCon technology, which offers excellent anti-LeTID and anti-PID performance, resulting in low power degradation and high energy yield. With proprietary mono cell technologies Canadian Solar panel have developed an extraordinary module. Combining the best technology and design, it also reduces LCOE and installation costs THE NEXT GENERATION OF SOLAR PANELS. Module power up to 595 WModule efficiency up to 21.2 % 40°C lower hot spot. Canadian Solar closely examines our supply chains to ensure goods imported are not mined, produced or manufactured, wholly or in part, with prohibited forms of labor, i. This panel excels even in low light conditions, making it perfect for residential and commercial applications. System Voltage 1500V (IEC) or 1000V (IEC) Max.

Canadian Solar Panel 595

**2MW / 5MWh
Customizable**

CanadianN-type TOPCon Bifacial Module 565W 570W 575W 580W ...

Canadian modules are engineered to deliver exceptional performance with a maximum power output of 595 Watts and an efficiency rating of up to 23.0%. Featuring up to 85% power bifaciality, they ...
