

# China-Africa lithium-ion energy storage battery company

## Overview

---

China Energy Engineering Corporation has officially signed an EPC contract with Globeleq, an independent power generation company in the UK, for the 153MW/612MWh battery energy storage project in Red Sands, South Africa. Inside are lithium-ion batteries capable of powering thousands of homes. independently manufacture complete energy storage systems. with customers in Europe, the Americas, Southeast Asia, Africa and other regions. all your needs at the. represent the world's largest concentration of lithium-ion production capacity, with facilities that collectively output several hundred GWh annually across multiple battery chemistries. Provides lithium-ion. A 200MW/400MWh battery energy storage system (BESS) has gone live in Ningxia, China, equipped with Hithium lithium iron phosphate (LFP) cells. The manufacturer, established only three years ago in 2019 but already ramping up to a target of more than 135GWh of annual battery cell production capacity.
