

# Clean solar energy from Maputo power plant

## Overview

---

Summary: Explore how the Maputo Photovoltaic Power Plant Generator is transforming Mozambique's energy landscape. According to documents shared with Portuguese news agency Lusa, the renewable energy project will also “allow the creation, directly and indirectly. A US\$110. 6 million solar project in Mozambique will support the country's goal of universal electrification by 2030. According to the technical summary of the environmental impact. LONDON / MAPUTO, 1 November 2023: Globeleq, the leading independent power company in Africa and its project partners, Source Energia, an energy developer focused on Lusophone Africa, and Electricidade de Moçambique (EDM), the Mozambican national power utility, confirms that it has now received.
