

Communication base station wind power storage cabinet

Communication base station wind power storage cabinet

Energy Storage Equipment, Energy storage solutions, Lithium battery

The solution adopts new energy (wind and diesel energy storage) technology to provide a reliable guarantee for the stable operation of communication base stations.

Support Customized Product

EK-SG-D03 Outdoor Wind Power Communication Energy Cabinet

EK-SG-D03 series outdoor communication energy cabinet is designed for remote communication base stations and industrial sites to meet the energy and communication needs of the sites.

[Get Price](#)

Communication container station

It is used in scenarios such as communication base stations, smart cities, transportation, power systems and other edge sites to provide stable power supply and optical distribution networks.

[Get Price](#)

Energy storage system of communication base station

Huijue Base Station Energy Cabinet is a robust, versatile, and intelligent solution that ensures reliable power supply and efficient energy management for critical infrastructure, enabling seamless ...

[Get Price](#)

Communication base station wind and solar hybrid site cabinet

EK-SG-D03 series outdoor communication energy cabinet is designed for remote communication base stations and industrial sites to meet the energy and communication needs of the sites.

[Get Price](#)

Outdoor Communication Energy Cabinet With Wind Turbine

Highjoule HJ-SG-D03 series outdoor communication energy cabinet is designed for remote communication

base stations and industrial sites to meet the energy and communication needs of

...

 Efficient Higher Revenue

 Intelligent Simple O&M

 Flexible Abundant Configuration

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPP Trackers, 100% DC Input Oversizing
- Max. PV Input Current 15A, Compatible with High Power Modules

- IP65 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 Units Inverters Parallel
- AFCD Function (Optional): when an arc fault is detected the inverter immediately stops operation

Pole-Type Base Station Cabinet , Efficient Energy Solutions for

Discover the Pole-Type Base Station Cabinet with integrated solar, wind energy, and lithium batteries. Designed for seamless installation and remote monitoring, this energy-efficient cabinet ensures ...
