

Corrosion-resistant industrial cabinets for tunnels

Overview

Keep them stored properly and safely with our selection of corrosive and acid storage cabinets featuring models designed for both flammable and nonflammable corrosives. All of our storage cabinets meet OSHA and NFPA Code 30 regulations and have inner protection to avoid leaks and keep employees. Acids and corrosives safety cabinets are labeled storage containers that safely store acids and corrosives to protect them from hazards and help contain spills that can contaminate worksites. In stand-alone floor, undercounter, or countertop units. Available with manual or self-closing doors; in a variety of materials, sizes and capacities. Regulatory compliance can be obtained at the individual product level. Large warning label reads: "CAUTION CORROSIVES".
