

EU intelligent liquid-cooled solar container battery cabinet manufacturer

LPW48V100H
48.0V or 51.2V

Overview

Housed in a custom 20-foot container, it features over 5 MWh of LFP battery capacity for safety and long life, advanced liquid cooling, state-of-the-art detection and response systems, and intelligent data provision for O&M services. Jinko ESS, a strategic division of JinkoSolar, is poised to be the global leader in energy storage solutions for commercial, industrial, and utility-scale applications. Specialising in “safe and smart energy storage,” we innovate with self-developed liquid-cooled thermal management systems to. CATL's trailblazing modular outdoor liquid cooling LFP BESS, won the ees AWARD at the ongoing The Smarter E Europe, the largest platform for the energy industry in Europe, epitomizing CATL's innovative capabilities and achievements in the new energy industry. 8kWh energy storage power station. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection and significant bill reduction through intelligent load shifting.

EU intelligent liquid-cooled solar container battery cabinet manufac

Jinko ess-Home

Jinko ESS, is a strategic arm of JinkoSolar, and aims to become one of the world's leading energy storage solutions providers, specifically designed for commercial, industrial and utility applications.

125kW 418kWh Liquid-Cooled BESS , Commercial Solar Battery Storage

As a fully integrated solar battery storage system, it combines power conversion, high-voltage lithium battery storage, intelligent thermal management, and multi-level fire protection into a single standardized cabinet.

Liquid Cooling Outdoor Energy Storage Cabinet-HyperStrong

The "all-in-one" design integrates batteries, BMS, liquid cooling system, heat management system, fire protection system, and modular PCS into a safe, efficient, and flexible energy storage system.

Elecnova: Advanced Battery Energy Storage Cabinet With Liquid Cooling

Elecnova offers quality liquid-cooled battery energy storage cabinet at unbeatable factory price! As a reliable energy storage cabinet manufacturer, our battery cabinet with liquid cooling system is cost-effective.

◆ PRODUCT INFORMATION ◆

-  BATTERY CAPACITY
50kWh-500kWh
-  DC VOLTAGE RANGE
400V-1000V
-  DEGREE OF PROTECTION
IP54
-  OPERATING TEMPERATURE RANGE
-10-50°C

Energy Storage Container - Energy Battery Storage

Maximize power reliability & savings with our 125KW/261KWH Liquid-Cooled Battery Cabinet. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection and ...

[Get Price](#)

LIQUID COOLED BATTERY STORAGE CABINET

Core highlights: The liquid-cooled battery container is integrated with battery clusters, converging power distribution cabinets, liquid-cooled units, automatic fire-fighting systems, lighting systems, pressure relief ...

Battery Storage Container: A Key Solution for a Sustainable Energy

Our battery storage containers offer exceptional performance, scalability, and safety features, making them the perfect choice for businesses and organizations across Europe.

[Get Price](#)

CATL EnerOne 372.7KWh Liquid Cooling battery energy storage cabinet

With the support of long-life cell technology and liquid-cooling cell-to-pack (CTP) technology, CATL rolled out LFP-based EnerOne in 2020, which features long service life, high integration, and a high level of safety.

[Get Price](#)

3.72MWh Liquid-cooled/heated BESS (Battery Energy Storage System)

High Energy Density, liquid cooling/heating result in less noise,

create stable battery cell temperature for better battery performance and longer life time. PCS (Power Control System) independent.
