

# Fixed Solar Energy Storage Cabinet for Scientific Research Stations

## Home Energy Storage (Stackble system)

High Efficiency

Easy installation

Safe and Reliable

Perfect Compatibility

### Product Introduction

-  Scalable from 10 kWh to 50 kWh
-  Self-Consumption Optimization
-  Integrated with inverter to avoid the compatibility problem

-  LFP battery, safest and long cycle life
-  Stackable design, effortlessly installation
-  Capable of High-Powered
-  Emergency-Backup and Off-Grid Function

## Overview

---

Discover E-abel's custom UL-certified solar battery storage cabinets with NEMA 3R enclosures, designed for U. solar engineering projects. SOFAR Energy Storage Cabinet adopts a modular design and supports flexible expansion of AC and DC capacity; the maximum parallel power of 6 cabinets on the AC side covers 215kW-1290kW; the capacity of 3 battery cabinets can be added on the DC side, and the capacity expansion covers 2-8 hours. Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid. One of our recent projects with a leading U. Our client, a reputable solar engineering service. Machan offers comprehensive solutions for the manufacture of energy storage enclosures. One engery storage cabinet consists of inverter modules, battery modules, cloud EMS system, fire suppression system, and air-conditioning system, which can be installed both indoors and outdoors.
