

Fixed Type Intelligent Photovoltaic Energy Storage Cabinet for Oil Platforms

Overview

This all-in-one cabinet features a modular design, allowing for flexible expansion and easy installation, operation, and maintenance. The unique oil immersion battery system ensures the safety of the batteries. With an IP54 and C4/C5 protection level, it is suitable for. The QC-215K-O outdoor cabinet energy storage system is well-suited for a variety of industrial and commercial settings, including supermarkets, restaurants, hospitals, and industrial parks. Its core function is to convert renewable energy such as solar energy and wind energy into stable electricity, and realize energy storage, distribution and monitoring through intelligent energy. Experience enhanced performance and smart thermal management with the Sunway 100kW/261kWh Liquid-Cooled Energy Storage System. Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate. Standardized Structure Design: Includes energy storage batteries, power conversion systems (PCS), photovoltaic modules, and charging modules in a compact and highly efficient cabinet. It features robust lithium iron phosphate (LiFePO₄) batteries with scalable capacities, supporting on-grid and off-grid configurations for reliable energy storage solutions.

Fixed Type Intelligent Photovoltaic Energy Storage Cabinet for Oil P

Energy Storage Enclosures/Cabinets , Modular Design to Meet ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...
