

Fixed type of IP55 outdoor cabinet for base stations

Overview

The NEMA 3 / IP55 Outdoor Cabinet is basically a giant protector for your necessary equipment in very difficult places, which means that it is suitable for a telecommunication base station, a traffic system, an energy-control system, and an industrial automation. Find our NEMA 3/IP55 outdoor cabinets, designed to provide maximum protection against dust, rain, and harsh weather. Built with durable materials and reliable design, they are perfect for safeguarding your hardware in tough outdoor conditions. Whether you need protection for electrical systems. Robust Ratings: Available in IP55, IP65, NEMA 3R, NEMA 4, and NEMA 4X ratings, perfect for outdoor electrical, telecom, and battery cabinet applications. Climate Control Solutions: Customize with fans, air conditioners, TEC (thermoelectric coolers), or heat exchangers to maintain optimal operating. The Outdoor Base Station Cabinet is a robust and weatherproof telecom cabinet engineered to house communication, power, and battery equipment in outdoor environments. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment.
