

Free consultation available for 5MW photovoltaic energy storage container used in tunnels

Overview

High-quality 5MWh energy storage systems, certified to international standards and trusted in 160+ countries. End-to-end service, from pre-sale consultation to after-sales support. A Professional R&D team to deliver customized solutions for industrial, commercial, and residential. The 5MWh container energy storage system is a super cool solution that seamlessly combines different parts, like a Lithium iron phosphate battery, Battery Management System, Gaseous Fire Suppression System, and Environmental Control System, all packed into standardized containers. 3□ Extendable-modular, adding more capacities as needed, Nx5MWh. 4□ Safest LiFePO₄ technology, sustained power supply. 5□ Long lifespan, up to 6000 cycles. Featuring liquid-cooled 314Ah cells, it offers scalable capacity, intelligent thermal management, and advanced fire protection within a compact IP55-rated. Envision Energy Storage is a vertically integrated provider covering the full BESS value chain, from R&D to MV connection.
