

GCL Energy Storage System

Overview

GCL Energy Storage made a striking debut at SNEC 2025 with its “Full-Scenario Energy Storage+” solutions, launching three flagship products: the G-POWER Max 6.25MWh container system, the G-Power Core 261 industrial and commercial energy storage cabinet, and the G-INSIGHT. GCL provides photovoltaic energy storage products, covering energy storage products used in residential, C&I, utility and other industries. Golden Concord Holdings Limited (as referred as “GCL Group”) is a green, low-carbon technology enterprise, focusing on diversified new energy, clean energy, and renewable energy solutions, such as wind, solar, energy storage, hydrogen, ammonia, and alcohols. GCL has consistently prioritized GCL SYSTEM INTEGRATION TECHNOLOGY CO. 25 MWh containerized ESS solution during SNEC 2025. GCL Energy Storage showcased its new utility and C&I scale ESS models during SNEC 2025.

GCL Energy Storage System

GCL Delivers Reliable Performance Over Time

World-class manufacturer of crystalline silicon . management systems photovoltaic modules Fully automatic facility and world-class technology Long term reliability tests 2×100% EL inspection ensuring defect-free ...
