

Guinea IP65 Automatic Battery Cabinet Technical Specifications

BASIC APPLICATION

Storage systems have been proven to be "extremely lucrative" for commercial and industrial (C&I) filed.

Overview

This cabinet is IP65 rated and has space for up to 4 x TBB ES100-II battery rack. The battery cabinet is powered through AC and provides a 48V DC with 12 hours of autonomy in case of main power failure. The construction characteristics of the recombination type lead-acid electric accumulators (valve-regulated hermetic accumulators); the absence of acid fumes and. Battery storage cabinets are essential components in modern energy systems, designed to safely house and manage energy storage units for residential, commercial, and industrial applications. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible. Designed to house a variety of communications equipment, customers take advantage of our engineering and factory integration for complete turn-key. GTE, leader in stored energy solutions for industrial applications, manufactures and distributes reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customer worldwide.
