

Haixi solar inverter Manufacturer

Overview

Founded in 2011, Shenzhen Haisic Technology Co. is a national high-tech enterprise dedicated to the research, development, and production of energy storage products such as LiFePO₄ battery packs, commercial & industrial energy storage, residential energy storage. Founded in 2011, Shenzhen Haisic Technology Co. From microinverters and string inverters to hybrid systems and scalable energy storage—our portfolio covers residential, commercial. Haisic has specialized in the design and manufacture of solar battery series products for more than 12 years and has accumulated rich production experience., headquartered in Hangzhou, Zhejiang province, is a high-tech enterprise with research & development, manufacturing and sales, focusing on photovoltaic power generation system. A solar inverter is a key component in any solar power system, converting DC electricity from solar panels into AC power used by.
