

Hexagon socket screws for photovoltaic bracket

Overview

1/4" Stainless Steel Solar Hex Head Cap Screws. Hex Head Cap Bolts are a Primary Fastener Type For Many Solar Panel Racking, Clamps, and Bracket Thru-Bolting Applications. As a General Hex Cap. "Easy to Install":the solar hanger bolts are easy to install and can be installed with everyday tools such as Allen keys, saving installation costs; the installation is firm and an indispensable accessory for solar roof installations. If you have engineering project needs, we can customize the solar mounting system solution for you according to your project location. M8 × 25mm hex socket cap bolts from SPC solar are made of stainless steel (A2-70). Inner hexagonal socket bolts are also called allen head bolts (screws) are metric coarse.

Hexagon socket screws for photovoltaic bracket

18-8 / 304 Stainless Steel Solar Socket Head Cap Screws.

Solar Panel Socket Cap Screws have a Knurled Head and Is a Fastener Driven by a Socket Hex Allen Wrench. They are also Known as a Solar Allen Head Bolts, Socket Screw, Allen Socket Cap Bolt or ...

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Sun-Age photovoltaic screws: stainless and galvanised steel screws ...

Ensure maximum reliability in your

photovoltaic panel installation: choose our specialised screws and bolts, made of stainless and galvanised steel, tested with thousands of solar power systems in Italy ...
