

High-Temperature Resistant Outdoor Energy Storage Cabinet

Overview

Did you know that by 2025, the cost of a 100 kWh battery system is expected to drop to under \$30,000?

With prices falling, you'll want to make sure your cabinet matches your system's value and keeps everything running efficiently. When picking a battery cabinet, pay close. Engineered for harsh climates and demanding workloads, our outdoor battery storage cabinet delivers scalable LiFePO₄ energy storage in a rugged IP54-rated enclosure. Its most prominent feature.
