

Honduras Containerized BESS Power Generation

Overview

Discover how containerized battery energy storage systems (BESS) are transforming energy resilience in San Pedro Sula, Honduras—and why businesses are rapidly adopting this technology. San Pedro Sula, Honduras' industrial hub, faces frequent power outages and rising. Last week (7 November) saw bids opened for a 75MW/300MWh BESS tender launched by the government of Honduras, in Central America. The public event marked the opening of bids for the energy storage procurement, called LPI-001-ENEE-UEPER-2024, for the 'Supply, installation, testing and commissioning. The National Electric Power Company (ENEE) has selected a Chinese-Honduran consortium to design, supply, install, test, and commission a grid-connected battery energy storage system (BESS) at the Amarateca substation in the department of Francisco Morazán. Discovering and tracking projects and tenders is not easy. With Blackridge Research's Global Project Tracking (GPT) platform, you can identify the right opportunities and grow your pipeline while saving.
