

How long is the warranty period for Huawei solar inverters

Overview

Huawei's warranty period for SUN2000 product family is defined as 120 months (the warranty period of Huawei SmartLogger is 24 months). Warranty coverage starts at delivery. Huawei provides inverter support for customers under warranty, including Remote Support and Product Support. A Replacement Product shall be the Customer's sole and entire remedy in respect of (360) days from the date of replacement, whichever is longer. This step-by-step tutorial shows you how to use the official Huawei portal to verify your warranty details and explains why your region and installer are critical for warranty validity.
