Air Cooled/Liquid Cooled

Overview

How do you want your items?

. How do you want your items?

. How do you want your items?

. Pick telecom cabinets or rack cabinets based on how much protection you need. Choose a cabinet size that fits your equipment and leaves room for upgrades later. Look at the material quality. Most high-quality models are rated at least IP65, with premium units achieving IP68 certification—meaning they are completely dust-tight and capable of withstanding prolonged submersion in water up to specified depths and durations. Current market size estimates place it in the multi-billion dollar range, with projections indicating a. The WOD-62DXC NEMA enclosure (63"H x 32"W x 30"D, 33 RU) is a heavy-duty, all-weather solution designed for telecom and mission critical applications. Built from AlumiFlex®, a lightweight yet durable material, it provides steel-like strength to support the heaviest equipment.
