

# How much does it cost to disassemble and install photovoltaic panels

## Overview

---

The total cost to remove and reinstall solar panels depends on panel count, roof complexity, permits, and downtime. Expect \$250-\$400 per panel, with larger systems costing \$4K-\$15K. Hiring licensed professionals ensures smooth execution, preserves performance, and maintains. Most contractors charge between \$200-\$500 per panel, with \$275 being the sweet spot for average-sized residential systems. A typical home solar installation has 15-30 panels, which explains why most removal projects fall into that \$4,000-\$8,000 range. Each company should be able to quote a base price for the work, but service can start at \$5,000 Palmetto offers residential solar panel removal and reinstallation service. If your roof.
