

# Huawei liquid cooling solar energy storage cabinet system accessories

## Overview

---

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series. Can a battery cabinet be deployed outside a smart module?

Battery cabinets or. Major commercial projects now deploy clusters of 15+ systems creating storage networks with 80+MWh capacity at costs below \$270/kWh for large-scale industrial applications. Technological advancements are dramatically improving industrial energy storage performance while reducing costs. HJ-G65-261L and HJ-G130-261L are two 261KWh outdoor cabinet energy storage systems with liquid-cooling technology, designed for outdoor energy storage needs, suitable for a variety of application scenarios, and able to effectively meet the user's requirements for energy storage and management. Huawei Digital Power has launched the FusionSolar C&I LUNA2000-215-2S10 Energy Storage System, designed to meet the dynamic demands of the commercial and industrial (C&I) energy storage sector across the country. With a focus on system safety, refined management, and intelligent applications, the. ty for Outdoor Energy Storage Cabinets. Outdoor energy storage cabinets are an indispensable component in managing energy efficiency optimization solution. By provide reliable and sustainable power.
