

Installation steps of solar-powered communication cabinet inverter

Overview

In this blog, I'll guide you through the essential steps and considerations to ensure a successful installation. Before you even unpack the Solar Inverter Cabinet, there are several important preparatory steps. First, conduct a thorough site assessment. The inverter cover must be opened only after shutting off the inverter ON/OFF switch located at the bottom of the inverter. Wait five minutes before opening the cover. Due to product version upgrades or other reasons, this guidance will be updated irregularly. By carefully following a detailed step-by-step.
