These key activities are suggested steps EECBG Program. A Request for Proposal (RFP) is a formal bid document to ask vendors to provide proposals for desired projects, as required by many public agencies (federal, state, local). A solar RFP outlines the photovoltaic (PV) product or service requirements, the contract terms, and bidding process. The material provides guidance for different ownership models including lease, Power Purchase Agreement (PPA), or Owner Build and Operated (OBO). A project manager (PM) must understand high-level options and costs if they want to release a competitive bid and receive the best price offer. In many cases, however, owners will contract directly with battery suppliers for.
