

# Is it illegal for the city management to not allow the installation of photovoltaic panels

## Overview

---

This code states that Community Covenants and Restrictions (CC&Rs) that prohibit or unreasonably restrict the installation or use of solar energy systems are void and unenforceable. Often, the laws let HOAs make reasonable requests for aesthetic or safety purposes. Solar access laws are generally set at the. Counties, cities, or towns in all 50 states have imposed restrictions on renewables at the local ordinance level. Laws vary by state, from guaranteeing.

## States That Outlaw or Restrict Solar Panels

Is Installing Solar Panels Illegal in Any State? What Incentive Programs Exist For Homeowners Who Want to Use Solar Power? What States Restrict Or Heavily Regulate Solar Panels? Closing Thoughts Technically, no state outlaws or bans solar panels; quite the opposite. Most states have solar access laws that forbid any agreement, covenant, condition, bylaw, or contract that outlaws or limits solar installations by Homeowners Associations (HOA) or other municipal bodies. Unfortunately, solar

panels are still incredibly expensive for the average homeowner. See more on todayshomeowner Community Associations Institute
