

# Is it okay to cover the roof with photovoltaic panels

## Overview

---

Replacing your entire roof with solar panels isn't the best idea. You run. It's important to consider the pros and cons of solar panels on your roof before you decide if a solar panel installation is right for you. Solar panels offer a compelling mix of environmental benefits and financial incentives. Concerns about leaks, voided warranties, or long-term structural damage are common. Adhering to Building Codes: Professional installers adhere to local.
