

# Is the promotion of photovoltaic panels in rural areas a scam

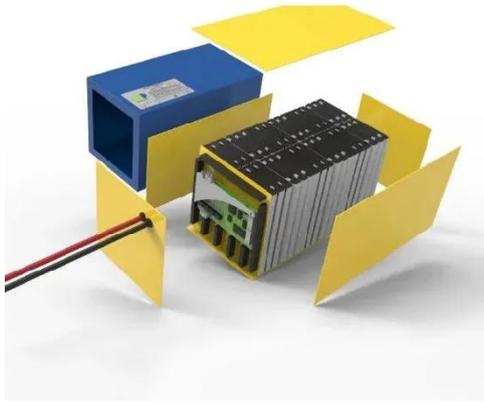

## Overview

---

And while they promise free or low-cost solar panels, or offer you huge rebates, tax credits, or utility incentives to pay for those solar panels, those are lies. Some so-called officials even say your utility company already signed you up for the program, so now you need to. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. Someone contacts you. Demand for solar-powered home systems has increased rapidly in the last several years. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. To avoid getting scammed, you need to know what to look out for and when to walk away. gov/state-consume purchase agreement, or subscribing to a community solar.
