

Is the solar power system free

Overview

Here's the reality: "Free solar" typically means solar with no upfront cost—not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), financing options where a solar company installs panels on your property without requiring a down. Companies that offer “free” solar panels are typically offering solar lease agreements, so you can reap the benefits of solar-powered electricity without dealing with the upkeep and maintenance of the panels. You. The most common solar tax incentive is called the Investment Tax Credit (ITC). The ITC — also known as the Federal Solar Tax Credit — is a popular tax rebate program offered by the US Federal Government for homeowners looking to switch to clean, renewable solar power.
