

Overview

Ecoprogetti's comprehensive portfolio of solar panel manufacturing equipment represents the pinnacle of Italian industrial innovation, serving manufacturers from emerging startups to gigawatt-scale facilities across six continents. Ecoprogetti began as a PV module manufacturer, shaping our production process from that perspective. Peimar is an Italian company that specializes in the design, research, and production of high-efficiency photovoltaic modules, offering top-performing solar panels made to the highest quality standards. Of course, we will not deal with our panels for at least 30 years, but we will turn the panels we have put on the market so far into a resource. Founded in 1998 Ecoprogetti and certification procedures and is subject to regulation in 2018 and 2019 as Manufacturing line Setup by Solar PV Module I. As Italy intensifies its decarbonization commitments within the broader.
