

KSTAR PV Inverter Order

Overview

Our inverter offers a maximum PV voltage of up to 600V and a DC/AC ratio of 1.5, ensuring compatibility with high-capacity PV panels. With optional WiFi/4G connectivity and Type III DC/AC SPD protection, it provides seamless monitoring and enhanced safety. KSTAR is a leading brand in power electronics and new energy fields, with a profile of data center critical infrastructure (UPS, battery, precision air conditioners), modular data center solutions, PV solutions and energy storage solutions. Elevate your solar experience with our cutting-edge PV inverters, meticulously crafted for both residential and commercial applications. Three Phase Centralized Inverter GSM Series. Its compact, lightweight design and advanced features make it the ideal choice for modern solar power systems. With advanced MPPT technology, high voltage input capacity, and flexible communication options, this 5 kW inverter maximizes solar energy yield and is built to. Introducing the KSTAR 15-25kW PV On-Grid String Inverter, a cutting-edge solution for harnessing solar energy efficiently.

KSTAR PV Inverter Order

Test certification
CE FC

Residential PV Inverter-KSTAR

KSTAR is a leading brand in power electronics and new energy fields, with a profile of data center critical infrastructure (UPS, battery, precision air conditioners), modular data center solutions, PV solutions and ...
