

Kosovo Base Station Battery Project Energy

Overview

The BESS project for KOSTT, funded by the US through its Millennium Challenge Corporation (MCC), aims to strengthen energy security, promote the transition to clean energy and reduce energy costs. 3 hectares of land for a 45 MW battery project. Energy Storage Project will provide the flexibility necessary for Kosovo to. The Prime Minister of the Republic of Kosovo, Albin Kurti, and the Minister of Economy, Artane Rizvanolli, today participated in the launch ceremony of the Prequalification for the Energy Storage Project through Batteries, which will be located in the cities of Ferizaj and Istog. The Applications for prequalification for the design and build of utility-scale battery energy storage systems (BESS) and transmission connection infrastructure should be submitted by February 14.
