

Longi photovoltaic panels weigh more than 550

Overview

Let's cut to the chase - a standard LONGi Hi-MO 5 540W panel tips the scales at approximately 23. But wait, before you zone out on numbers, here's why this figure deserves your full attention: That's equivalent to carrying a medium-sized dog up your roof for every. LONGi module product model comparison to help you quickly make product selections. The LONGi 550W Solar Panel model LR5-72HBD-550M is an advanced bifacial solar module designed to deliver outstanding energy efficiency and reliability in a variety of conditions. With a rated power output of 550W and a maximum module efficiency of 21.3%, this panel incorporates Gallium-doped PERC. Bifacial Technology Advantage: The LONGi 540W's bifacial design can increase energy yield by up to 30% compared to traditional monofacial panels, making it particularly valuable for ground-mount installations with reflective surfaces like white gravel or concrete. Estimates are provided below to help you shop, but always check your order's Estimated Delivery Date during checkout.

Longi photovoltaic panels weigh more than 550

Longi 550W Solar Panel (Hi-MO 5 540-560 Watt) - ...

With a rated power output of 550W and a maximum module efficiency of 21.3%, ...
