

Manufacturer of long-life mobile energy storage outdoor cabinets for rural areas

Overview

With 14 years of specialized energy storage R&D and customization solutions, Topband delivers advanced mobile energy storage systems, energy storage cabinets, battery swapping stations, and tailored energy solutions for smart farms, manufacturing facilities, and commercial complexes. TOPBAND's energy storage microgrids pair LiFePO₄ batteries, modular hybrid ESS, and smart EMS to deliver scalable power from solar, wind, or the grid. Available in both 100kWh and 215kWh capacities, this modular system. Individually configurable outdoor cabinets that provide optimum protection for battery systems against weather conditions, vandalism, and break-ins. Our solutions are engineered for long-term operation, scalable expansion, and seamless integration into existing commercial and industrial power systems. Scalable from single asset control to complex microgrid and utility environments. EPC Energy serves the utility and developer market with multi-MWh solutions featuring 40' container or.

Manufacturer of long-life mobile energy storage outdoor cabinets for

Outdoor cabinets as energy storage enclosure

Our outdoor cabinets with lock/hinged doors are suitable for housing multiple battery racks. The interior is air-conditioned by a cooling unit that is mounted on the side wall or door leaf.
