

# Mozambique energy storage project has subsidies

Support Customized Product

## Overview

---

The new policy can accommodate approximately 13,000 residential applications with an average storage of 8 kWh, offering subsidies of EUR 600-890/kWh for energy storage capacity and 90-100% for the system. African focused renewable energy independent power producer, Globeleq, and its project partners, Source Energia and Electricidade de Mo&#231;ambique (EDM) have announced the commencement of construction for the 19MWp (15MWac) Cuamba Solar PV plant and a 2 MW (7MWh) energy storage system in. ous 2030 targets for grid-scale energy storage. Earlier this year.

WASHINGTON, Ma— The World Bank Board of Directors has approved the Accelerating Sustainable & Clean Energy Access Transformation (ASCENT) in Mozambique project, aimed at accelerating sustainable energy access across Mozambique. This initiative aims to support decentralized utility solar photovoltaic (PV) and battery energy. Mozambique's energy sector is transforming, driven by a new solar tender from MIREME and ARENE for decentralised solar and battery storage systems. Funded by a grant from the Government of Germany through the KfW Development Bank, the initiative.
