

New Zealand energy storage battery customization company

 LFP 12V 100Ah

Overview

New Zealand's leading provider of custom-designed battery storage solutions. Customized and built for -40°C to 65°C. Deepsea, high-pressure, rugged, weatherproof, and reliable. High-performance lithium batteries for boats and EVs. BESSNZ is a company focused on offering a data driven informed flexible approach to energy management to provide savings. Our services include Network support to defer expensive upgrades of transformers, poles and wires. Commercial & Industrial (C&I) and large Residential battery energy storage. With scalable solar energy storage systems that cut costs, boost resilience, and gives farms and businesses full control over your energy use. Our fully integrated, plug-and-play battery energy storage solutions (also known as BESS) come in different sizes, from 30 kVA to 1MW, to suit a wide. Environmental programs such as EECA exist in New Zealand to help transition large companies to clean energy. This is great for New Zealand, but the mission of KISS is to accelerate the decarbonization of smaller companies and individuals that may not be able to access these government programs.
