

New zealand auckland brand new solar outdoor power cabinet

Overview

PowerCrate® is a stand-alone, turn-key, hybrid renewable energy module. The PowerVault is MEDA's flagship prebuilt solar cabinet — our most powerful and scalable system to date. Designed to meet the needs of serious off-grid homes, rural properties, and remote commercial setups, it comes fully assembled with premium Victron and Dyness components and is housed in a 100% Kiwi owned, Taspac was founded in 2014 with a very simple goal – to provide best-in-class renewable energy solutions to New Zealand solar installers and electricians, backed up with a high level of local sales, technical and warranty support. Taspac Energy exists primarily to support the Solar. Our off-grid solar packages include everything you need to go off the grid in New Zealand: solar panels, batteries, charge controllers, inverters, cables, and DIY-friendly manuals backed by exceptional customer support. 5KW from waveinverter, with cabling, breakers, fusing, and everything else that is required – all compliant to current New Zealand solar standard AS/NZ 5033:2014 and NZ wiring standard AS/NZS 3000. Modular design maximising energy storage flexibility, Lithium Iron Phosphate Cell (LFP) inside, enabling a very safe with a long-life battery, Quick connector to save installation time. The furniture-like design suits both indoor and outdoor. Whether you live in a rural location without reliable grid access or simply want a more sustainable lifestyle, our off grid solar systems provide the perfect power solution.
