

# Nicaragua Energy Storage Power Company

## Overview

---

This innovative project combines lithium-ion batteries with smart grid technology to store excess renewable energy - solving one of Central America's biggest energy challenges. León, Nicaragua, is rapidly gaining attention as a strategic location for battery energy storage manufacturing. Let's. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. BloombergNEF predicts Nicaragua could supply 5% of global lithium by 2030—that's enough for 12 million EVs annually. Key drivers?
