

# North Africa backup solar container system

## Overview

---

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. How much does a solar PV project cost in North Africa?

The NPC for. With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed two different containerized systems: our mobile Solartainer Amali and our scalable Solartainer Kani.
