

Norway mobile energy storage battery

Overview

Arva AS has ordered three mtu EnergyPack battery storage systems to maximize energy utilization at Senjahopen and Husøy. The battery package on Husøy, with a capacity of 2,718 MWh, will be Norway's largest battery of its kind. With our commitment to excellence and zero compromises, our systems are built to perform, built to last, and built for the future of clean energy. We manufacture high-quality stationary and mobile Battery. “There are two market drivers for batteries: EVs and stationary energy storage. It's the key to turning intermittent wind and solar into a stable energy source,” explains Pål Runde, Head of Battery Norway.
