

Norwegian professional solar panel manufacturer

Overview

Norsk Renewables AS, formerly called Norsk Solar, is a vertically integrated independent power producer with a commercial offering that includes solar, wind, and storage. Among the key players in this transformative journey are Otovo Norway and other Norwegian solar companies, which are at the forefront of developing and manufacturing cutting-edge solar technologies. Their integrated solar panels not only offer a sustainable energy solution but also enhance the aesthetic appeal of rooftops. We are passionate about the clean energy transition, and we proudly focus on markets where we can significantly impact CO2. Create your own solar system, and work with your installer to find the best installation. How does it work?
