- Lithium /GEL batteries optional
- Technical and installation support
- Intergrated 20/40ft container solution

Overview

Create your own solar system, and work with your installer to find the best installation. We are associated with installation companies throughout Norway who deliver complete plants, fully assembled. The company, Solcellekraft, specializes in providing complete solar panel systems for both private and commercial properties, ranging from homes to industrial buildings. Their integrated solar panels not only offer a sustainable energy solution but also enhance the aesthetic appeal of rooftops. This is close to 40 per cent of the total capacity. FME SOLAR is a national research center for solar power, focusing on photovoltaics (PV). 14 sellers based in Norway are listed below. List of Norwegian solar sellers.
