

# Off-grid solar energy storage cabinet 1MWh procurement contract

## Overview

---

Namkoo provides one-stop service for design, procurement, construction, operation and maintenance. Namkoo's professional engineering contracting, for you to control costs, shorten the duration of the construction period, simple management. and inspiration to utilize EECBG funding in the areas of energy planning, energy efficiency, renewable energy, transportation electrification, clean energy finance, and workforce development, including several high-level key activities. STRUCTURE OF THE DOCUMENT. Namkoo NKB Series 215kwh commercial & industrial energy storage system adopts the all in one design concept. The cabinet is integrated with battery management system (BMS),energy management system (EMS),modular power conversion system (PCS),and fire protection system. According to the number of networks and the way of grid connection, it can be confluence.
